

Working with Governors

Understanding the role and responsibilities of school governors and trustees.

How to work collaboratively with your governors and trustees, an integral part of your leadership and management team.

Course Outline

This session will clarify the role and purpose of the governing board and how you can work collectively as a leadership team.

There are many different kinds of governing boards, both in maintained schools and academies. Their common role is to work with senior leaders in the school, to plan for the development of the school, ensure standards of pupil achievement and to keep the school under review.

By the end of this session delegates will be able to:

- Understand the role of educational organisation governance
- Clarify the strategic role of those responsible for governance
- Understand the current expectations of governors/trustees
- Work more effectively to strengthen leadership and management in your organisation
- Understand the challenges of working with volunteers.
